*for website*

Header.dat

Dear Chris,

Here it is.

Marc.

> The Spinoza Line Lock is a great innovation in line securement. I am now using this routinely in my gynaecological practice, for securing pelvic drains following open and minimal access pelvic surgery. I have yet to see a problem with the use of this device which is easy to use and secures drains much more efficiently than other methods.

Mr Ian Chilcott  
Consultant Gynaecologist  
The Hillingdon Hospital  
Uxbridge  
Middx.

GREAT ORMOND STREET HOSPITAL FOR CHILDREN NHS TRUST

SECURITY WARNING RE: CONFIDENTIAL DATA. Please note that internet E-mail sent between DIFFERENT e-mail systems is not a secure communication medium. We strongly advise that you understand & observe this inherent lack of security when e-mailing us the Trust.

GOSH actively promotes the use of the single 'NHS Contact' e-mail system for the transfer of patient-related and other confidential information in e-mail between staff at different NHS Organisations. Initially the Trust Board has agreed that all GOSH Consultants establish Contact accounts, with other staff groups following, as a matter of priority.

If you are a Health Service employee and wish to send patient data or other sensitive information to Great Ormond Street Hospital, then please do so from your own Contact account. The website address is WWW.NHS.NET

FREEDOM OF INFORMATION ACT 2000: The information contained in this E-mail may be subject to public disclosure under this Act. Unless the information is legally exempt from disclosure, the confidentiality of this E-mail and your reply cannot be guaranteed.

This E-mail and any files transmitted with it are intended solely for the use of the individual to whom they are addressed. If you have received this E-mail in error please notify your E-mail administrator.
